

## TECHNICAL DETAILS:

- The duration of The Handimen will be agreed upon in each particular case, and short passes of 5 or 10 minutes or longer can be made up to 45 minutes.
- In this show, 2 artists are involved.
- In case of recording the show, the company will receive a copy of the recorded material.
- It is a show designed for all types of audiences and spaces, both outdoor and indoor. Once we decide the location where the representation will take place, the company will make a technical visit to prepare the interventions in the different points of the route.
- The Company travels by train, plane or with the company's car, whose registration number is: 3024-DXZ. If we go by public transport, we will need a transfer to the place of the performance.
- In case of traveling in our own car you will require permission to start/ conclude the show with the vehicle. The permission of the company's vehicles in the city, including those of the car park, near the performing area, must be provided by the Organization.
- Dressing rooms should be equipped with shower, soap and mineral water. Minimum space for two people.
- The organization will provide the company with two folding chairs, a step-ladder and three road traffic cones.
